## FINAL LITERATURE WRITING ASSIGNMENT

PROF. GLENN TURNER  
ELGIN COMMUNITY COLLEGE

Consider all the literary works we've read this semester.

Answer this question (this is an open ended question with no "right" or "wrong" responses). Quality and thoroughness of explanation and thought is what is important here. Length needs to be at least two full pages.

*Identify the story or poem(s) and the author. A summary should also be included. Write a personal narrative of an experience or emotion(s) inspired by any of the poems or prose readings from the entire semester. Be certain to quote passages from the story to illustrate your experience or emotion(s).*

This essay does not require any outside research. However, if you do include information from any other sources, be sure to give credit so you don't plagiarize. Even if you do not use any sources other than the work itself, still be sure to attach a Works Cited page in proper MLA format.

Due Date: Dec. 11, 2014
